ANDREASKLINIK UPGRADE

You can choose between various service packages:

The AndreasKlinik UPGRADE offers you the option of paying a surcharge and upgrading to a higher insurance category. In addition to a more comfortable room, this also offers you other benefits.

If you have semiprivate insurance cover, you can really indulge yourself by spending your time with us in a single room.

If you have general insurance cover, you can switch from a multiple-bed room to a two-bed or a single room, subject to availability. In view of the limited number of beds on the General Ward and the correspondingly high demand for two-bed and single rooms, we recommend that you pre-book your AndreasKlinik UPGRADE in good time, also with regard to guaranteed hospital admission on the desired date.

COMFORT UPGRADE:

- From a multiple-bed room¹⁾ (General Ward) to a two-bed room (Semiprivate Ward)

I have health insurance with the addition "General all over Switzerland" without limitations for private hospitals. I am aware that the AndreasKlinik UPGRADE will not be covered by my health insurance company and am prepared to pay the appropriate surcharge for the higher insurance category. The physician will determine the discharge date. The day of admission and the day of discharge each count as a full day. The flat-rate fees apply irrespective of the length of my stay.
